### Summary of service and health care provision

The State Hospital provides care and treatment to those detained under the MH Care and Treatment (Scotland) Act or associated legislation. The provision is for a maximum of 140 male secure beds.

Dietetic remit is focused around the management of obesity and the associated complications in addition to the need of various therapeutic diets. We have a catering provision on site. Education and training to staff is predominately provided on site.

**Placement A**  
**The learning experience**

An overview of dietetic practice, predominately shadowing a dietitians day, attending meetings and training when appropriate, linking with other AHP's, the catering service, infection control and others. Some self-directed learning/PAL where appropriate.
