Bank Support Letter

The United Kingdom Visa Immigration (UKVI) service recognises that you may be unable to obtain a bank statement which meets their requirements. In this case you can obtain a letter from your bank giving a summary of your finances.

If you wish to use multiple accounts from the same bank to show you have the required amount of money available to you, a single letter can also be used to show the summary. Where you wish to use multiple accounts held in different banks, you can still use a letter but in this case, you need a letter from each bank involved.

The letter must confirm funds have been held for a consecutive 28 day period ending no more than 31 days before the date of your visa application. Your letter from a bank or building society must show:

- your name or your parent's/legal guardian's name; **and**
- the account number or numbers; **and**
- the date of the letter; **and**
- the financial institution's name and logo; **and**
- the amount of money in the account;

Where the letter shows there is not enough money in the account(s) to cover your course fees and living costs you can still use other financial evidence to add to this.
