

TABLE OF CONTENTS

The provisions of the Statutory Instrument (*The Robert Gordon University (Scotland) Order of Council 2019*) ([Appendix 1](#)) are embodied in the following *Organisational Regulations*. Each Organisational Regulation is structured in a series of paragraphs. Where appropriate, Schedules to a Regulation are provided in order to elaborate on specific requirements of a Regulation and thereby ensure its exact implementation or execution; Schedules should be deemed to be part of the Regulation. There is also reference to Annexes in *Organisational Regulation O2* and *Organisational Regulation O4* which detail the Sub-Committees of the Board of Governors and Academic Council respectively.

A *Committee Structure Diagram* is provided as [Appendix 2](#) and, if accessed via the Department for Governance and Academic Quality's web pages at www.rgu.ac.uk/committeestructure, it can be used interactively to view remits, memberships, Minutes etc.

There can be amendments made to the *Organisational Regulations* from time to time during the session and the Department for Governance and Academic Quality seeks to ensure the web version (www.rgu.ac.uk/organisationalregulations) of the *Organisational Regulations* is kept up to date on an ongoing basis between the issue of paper-based documents, and will advise management areas if there are any substantive changes made.
