ROBERT GORDON UNIVERSITY ABERDEEN

ONLINE DISTANCE LEARNING FEE GUIDE AND PAYMENT STRUCTURE

The Oil & Gas Centre's Online Distance Learning courses are charged on a module by module basis. Due to the flexibility required when studying online, this payment plan results in a transparent and manageable fee structure thus allowing students the means to pay as they progress.

An initial payment of 50% of the fee will be made on enrolment of the module.
The remaining 50% will be made 7 weeks after the initial payment. This will be repeated for each module taken.

A definitive list of courses and their respective modules are listed.
